## SLEEPING SICKNESS ATTACKS HORSES IN LAKE COUNTY

Farmers Are Warned to  
Have Their Horses  
Inoculated

According to Lake County veterinarians there is a serious epidemic of sleeping sickness among horses in Lake county. The disease first made its appearance in Lake County on August 8 and since then has taken toll of approximately 3 horses per day. A few of them have died, and Dr. G. W. Jensen, of Antioch, is warning farmers to have their horses inoculated against the disease immediately. Immunity may be established 60 days after the first inoculation. Further advice is that all horses be kept in the barn at all times when not at work as the disease is carried by mosquitoes, present in greater numbers this year because of numerous heavy rains.

Horses Cannot Transmit Disease.

Although it is stated that the disease cannot be transmitted from horse to horse it is a peculiar circumstance that it started five years ago in California and has been traveling eastward during the succeeding summers. It reached Walworth county, according to newspaper reports, July 17, since when it has attacked many horses, and traveled on to McHenry county, where 75 horses are said to be sick with it, and to Lake, where no estimate of the number of cases is obtainable.

Humans are not susceptible to this particular form of sleeping sickness and the first sign may be easily detected in a horse if the owner is alert to his sleepiness. Treatment is successful only in the early stages and prevention treatment is more effective than treatment given after the disease is contracted. The danger will be present until the mosquito season is over.

One new case developed yesterday in Antioch. More than a hundred horses have been vaccinated in the vicinity of Barrington. No cases have been reported in Kane county.

## MR. - MRS. VIEZENS ARE HONORED ON 57TH ANNIVERSARY

Dinner Party Served in  
Four Different  
Places

The family of Mr. and Mrs. Paul Viezens of Antioch surprised them on the occasion of their 57th wedding anniversary last Saturday with a dinner party which traveled by progressive stages through four widely scattered homes and as many delectable courses.

The serving began at the home of the honorees and from there they were taken by the guests to the home of Mrs. Viezens' brother and wife, Dr. and Mrs. H. G. Hardt, of Lake Marie, where the second course was waiting. From there the party went to the home of the Viezens' son, Harry Viezens, on Pistakee Bay, there to be served with a third course dinner, and finally they traveled all the way to Milwaukee to eat the fourth course at the home of Glenn Gollwitzer of that city.

Children, grandchildren and great grandchildren of the honorees were present at the celebration. Congratulatory telegrams came from their son, Herbert Viezens and their friends, Mr. and Mrs. A. Schwartz, of Plainfield, New Jersey. One of the gifts received was a box from the Heinz Company, of Chicago, containing their famous 57 varieties of food.

Mrs. Viezens wore a floor length gown of black lace for the occasion.

Soil Conservation Tour.

The soil conservation tour will be held Tuesday, August 30, at which time 4 farms will be visited featuring pasture improvements, contour farming, dams and reforestation.

The tour will start at 9:30 at the Anchorage farm located on Route 22 at Harvard road west of Lake Zurich; at 10:45 they will be at Levi Walt's west of Round Lake, at A. M. Casey and Sons, Libertyville, at 1:00 P. M. and at E. E. Elsbury's, on Grand Avenue at 2:00 P. M.

Everyone is invited to attend this tour.

## TOO MANY HITCHHIKERS

## CALL VOTE ON BOND ISSUE

Amount of \$13,500 Is Proposed toward Building of City Hall

The mayor and councilmen of Antioch have passed an ordinance calling for an election on a bond issue for the building of a city hall in Antioch. The building date is set for October 4, and the bond issue proposed is for thirteen thousand, five hundred dollars. The ordinance calling for the election appears in this week's Antioch News, and the judges, clerks, polling places and hours of voting are named.

It is anticipated that the city will get a PWA grant for a like amount as the bond issue. The grant has been applied for and the election is arranged before a response has been received for the reason that forty days must elapse before an election can be held after the notice is published in a newspaper.

By calling the election now there will be no delay in putting up the money to match the grant when and if it is made, thus making immediate acceptance possible. In case the election votes against the grant the city administration will likewise be advised in good time.

Ralph James and family and Mrs. Louise Gilbert returned to Chicago Sunday after a four weeks' visit here with their parents, Mr. and Mrs. J. C. James.

## Father and Son Drown in Lake Mich.

G. W. Gaidzik, 54, and his 15-year-old son, Michael, were drowned in Lake Michigan Saturday afternoon three miles off the Highland Park beach, when a heavy squall upset their boat. The boy's body, when found, was tangled in the rigging of the boat and it was believed that the father went down in an effort to extricate his son. Search is still being made for the body of the father. The funeral of Michael was held Tuesday in Highland Park.

Several other boats capsized in the squall that proved fatal to the Gaidziks. There was no adequate powerboat on the beach to go to the rescue of those in trouble, but four or five of boats went out from the yacht club of the Highland Park Sea Scouts who were on duty at the beach. Highland Parkers were free with their criticism of the city officials who provided the beach with an expensive siren which to shroud the story of a tragedy, and left them without a power boat.

## WANT BACK NUMBERS OF ANTIOCH NEWS

Last week's edition of the News was a complete sell-out. This office is in need of about 50 copies of the issue dated August 18, and will pay 5 cents a copy for all copies received. Thank you.

Mr. and Mrs. G. R. Bicknell and daughter, Barbara, and Mrs. Herbert Stull spent several days at Mackinac, Michigan last week.

## Married 57 Years Ago

Mr. and Mrs. Paul Viezens of Antioch who were honored Saturday on their 57th wedding anniversary with a progressive dinner beginning in Antioch and ending in Milwaukee. Mr. Viezens is 84 years old and his wife 77.

## Antioch Women Win Over Grayslake

The ladies water fight, which was a feature of the American Legion festival at Grayslake last Sunday, resulted in a victory for Antioch, the contestants being wives of Antioch and Grayslake firemen.

The Antioch girls who took part in the fight were Mrs. Elmer Hunter, Mrs. John Gaa, Mrs. John Moran, Mrs. C. E. Hennings, and Mrs. Edgar Simonsen.

## DUCK HUNTING WILL OPEN OCTOBER 15

Complaint on Short Season  
Results in Granting of  
15 More Days

The season for duck hunting opens October 15th and will extend through a forty-five day period. It will be fifteen days longer than the duck hunting season of the previous three years.

Last year hunters complained individually and collectively about the unfair limitations of the 30-day hunting season. They declared that the season began and ended long before the wild ducks and geese began their trek southward. It was in fact nothing less than a tragedy to McHenry county hunters when a week or so after the season ended a magnificent flock of wild geese passed over, losing their way and lingering all night over the county. It was declared that literally thousands of the birds, blackened the sky on that particularly clear night, flying madly to and fro between Woodstock and Marengo and destroying the peace of the night with their excited honking.

Daily Bag Limit to Be Ten

Beginning with October 15 it will be open season on ducks, wild geese, coot, Wilson snipe or jacksnipe, rails and gallinules. The total daily bag limit will be ten in the aggregate. The possession limit is increased to twenty in the aggregate. The possession limit for canvasbacks, redheads, buffleheads or ruddy ducks is six of any single species or six in the aggregate. The daily bag limit on wild geese is five, the possession limit is ten in the aggregate. Restrictions are unchanged as to the baiting of waterfowl and the use of live duck and goose decoy.

The waterfowl shooting hours are the same as hitherto and are the same as the upland game bird shooting hours recommended by the conservation committee of Wisconsin; this is from 7 a. m. to 4 p. m.

Not more than two days bag limit of lawfully taken and possessed ducks and geese may be transported in any calendar week. Last year the limit was one day's bag limit.

## OAKLAND HOTEL OPENS AT CHANNEL LAKE

Mrs. A. Kostuch, formerly of Chicago, will open her Oakland hotel on the west shores of Channel Lake Friday of this week.

Mrs. Kostuch purchased the property on which is located the hotel and several cottages and has started numerous improvements. She plans to build a beach this summer and the hotel is being brightened and refurnished.

Mrs. Kostuch is an experienced hotel-woman and is prepared to serve the Lake trade very capably. She has seventeen guest rooms and one of the prettiest spots on Channel Lake, which seems to assure the success of her new enterprise.

## Local Boy Returns From State Fair School

Robert White, who with three other Lake county boys was appointed to attend the Boys' State Fair School, returned last Saturday from Springfield, after a week of strenuous work at the school and sightseeing at the State Fair. Robert is the son of George White, of Antioch.

## One More Ladies' Day at Chain O' Lakes

Next Monday will be the last Ladies' Day at the Chain O' Lakes golf club for the season of 1938.

Thirty-five ladies attended last Monday. At golf Mrs. J. J. Morley, Jr. won the blind bogey prize and Mrs. E. Brook won the blind hole. Bridge prizes were won by Mrs. C. K. Anderson, Mrs. Mower and Mrs. Hauf.

## Antioch Country Fair Opens Today

Lake Region's Fairest

Miss Genevieve Daube, as "Miss Super-Shell," entry of Murrie's Service Station, Antioch, at Lions Festival.

Miss Genevieve Daube's intriguing curves and streamlines, or the applause they have been provoking, brought forth a vociferous protest from young married women who want to tell the world that the single girls have no corner on perfect figures.

Mrs. Genevieve Johnson, of Chicago, married nine years and herself a girl of no little charm, broke into print—and picture—in the Chicago Herald Examiner with the following outcry: "I'm sick and tired of hearing about the perfect figures of only the single girls. Venus herself was married early in life to Vulcan and she continued to be the ideal of all races and all times. I have been married nine years and I think the married girl who has enough pride to maintain her figure is more to be applauded. My measurements are the same as Miss Daube's, except that I am an inch shorter."

Her measurements are: Neck, 12 inches; upper arm, 8 1/2 inches; bust, 33 inches; waist, 24 inches; wrist, 6 1/2 inches; hips, 34 inches; thigh, 18 1/2 inches; calf, 12 1/2 inches; ankle, 8 inches; and weight, 116 pounds.

With measurements practically the same as those of Mrs. Johnson comes forward Mrs. Viola Allin Delano, married, and mother of four children. She is 31, but ready to defend her figure in swing-time. She was the mother of two when she was chosen Miss American Venus in 1929 and toured Europe with a theatrical troupe. Since then she has remarried and has two more children. As a married woman she won the title of Miss Maywood in 1928 and that of Miss West Chicago and Miss Norshore a little later. And Mrs. Delano's recently published pictures prove that she is indeed very beautiful, both as to figure and as to face.

## Electrical Storm Plays Tricks

The electrical storm that struck Antioch Saturday afternoon left a trail of felled trees, broken windows and leveled wires.

In the home of Mrs. Mollie Somerville a large plate-glass window was broken, and the windows were broken from the Channel Lake school house. Blazing electrical wires along the ground were guarded by police until repairs were taken over. Trees were down along Lake street and the entire city was littered with broken branches.

Carl Hughes, a farmer living southeast of Antioch tells the prize storm story. He says that he had just finished his threshing when the storm struck and to his consternation he saw the strawstack lifted by the wind and carried away. He neglected to say whether he chased it.

At Loon Lake and Lake Marie a number of trees were blown down. Two cottages and one auto were smashed by falling trees.

LOTUS TIME IN ILLINOIS

Lotus flowers, rarely found except in Egypt and China, attract thousands of visitors annually to northeastern Illinois. There in the Fox River region of Lake county, say researchers of the Federal Writers' Project, the quiet waters of Grass Lake form deep blooms six to ten inches in diameter. The flowers, which are abundant under favorable conditions, ordinarily begin to appear early in August and remain nearly four weeks.

## 15TH ANNUAL SHOW WILL BE BEST EVER FOR ENTERTAINMENT

Big 3-Day Event Will Draw  
Thousands to  
Antioch

The Antioch Country fair started this morning on the Antioch township high school grounds at junction of highways 173 and 54. The opening day drew a splendid crowd and is prophetic of one of the most successful of the series of 14 fairs that have been put on here in as many years.

For the first time the fair is incorporated and all money that accrues from it will be held in reserve for future fairs; the object of the fair is the preachment of better farm products and better breeding of livestock, the elevating of rural standards of all kinds and telling the world about it, and for this reason the Antioch Country Fair has become one of the most popular annual affairs of the county.

Fair officials have worked untiringly to make this fair a success. They are D. H. Minto, president; Emmet W. King, vice president; Bert Edwards, treasurer; Mrs. R. D. McGuire, secretary, and H. A. Tillotson, Charles Paddock and E. E. Elsbury, directors.

Better Entries; More Fun  
The entries of this fair are more interesting than previously because they are bigger and more inclusive. The prizes are more numerous and larger and the money expended on them exceeds that of previous years by \$1500.00.

More than usual emphasis has been laid on the entertainment features. There are rides for the children and giddy young folks and the Russell Christine Company, professional entertainers, will make several appearances each day for the edification of adults. Some of the best bands in the state will be on hand to enliven the fair with music and interesting contests have been planned.

Good Shows Afternoon and Evening  
The Russell Christine Company will make their first appearance at 8:30 tonight, although their clown cap will patrol the fair grounds continuously both day and night. Tomorrow, Friday, there will be the judging of exhibits, band concerts and several appearances of the entertainers, who will show first at 3:00 p. m., then at 4:00 p. m. and again at 9:00 and 10:30 o'clock in the evening. Friday will be "Democrats' Day" and it is expected that the adherents of that party will flock all over the place.

Republican day is Saturday and the GOP will come into its own with the proper-hullabaloo. The Warren township high school band will be on hand, as well as the Lake County chorus, and the Russell Christine Company will make four appearances, in the afternoon and evening.

The judging of exhibits will take place at 9 a. m. tomorrow, Friday. At 8:30 in the evening there will be a style show put on by the Marianne Shop of Antioch. Band music will be at 3 p. m. and 4 p. m.

On Saturday the Lake County chorus will offer a program at 8 p. m. and at 3 in the afternoon there will be a concert by the Warren township high school band.

One of the high lights of the fair, and the one likely to draw the biggest crowd is the horse show that will be staged at 8 o'clock Friday evening by the North Shore Saddle and Bridle Club.

There will be at least twenty-five entries of fancy gaited horses and an arena has been enclosed for the presentation of this feature. The public admiration for beautiful and fine horses assures the success of this feature wherever it is presented.

McHenry County Votes on Bond Issue  
McHenry county will vote on a bond issue Sept. 6. The issue proposed is \$130,000, to be used for repair of roads damaged in the early storms and floods of the summer. A WPA grant of half the desired amount has been asked and in case it is granted the bond issue will be split in half for the county.

Mr. and Mrs. E. E. Mount and daughter, Phyllis, returned this week from a five weeks vacation trip to Yellowstone Park, Glacier Park, Portland, Oregon, and two weeks spent at Los Angeles, California, with Mr. Mount's brother, W. M. Mount, and family.

## Drivers Must Be Responsible

Charles M. Hayes, president of the Chicago Motor club, who has received from Governor Horner the pen with which the financial responsibility bill was signed, explained that the new law was in no sense a compulsory insurance law.

He said that no person would be compelled to carry insurance, and even the driver who had been reckless had other alternatives. He can deposit a surety bond, a real estate bond, cash, or securities instead of insurance. The club president said that proof of financial responsibility is required from those persons who have their driver's license revoked under the provisions of the driver's license law.

"This phase of the law," said Mr. Hayes, "tends to make it a safety measure of great importance."

Another feature, he explained, was that phase which demanded proof of financial responsibility for those who had judgments entered against them in automobile accident cases and who did not pay these judgments within thirty days after they became final.

When the driver's license is revoked, according to the provisions of the new law, the registration of all the driver's cars is also revoked and his number plates taken away. A new license will be refused until he has given proof that he can pay for future accidents. With his license suspended and number plates recalled by the secretary of state, he cannot drive until he has paid the judgment and at the same time given proof of his ability to pay for future accidents.

Clerks of court must send records of convictions and unpaid judgments to the secretary of state. Installment payments on judgments may be paid on application to the court, provided the purpose is to retain a driver's license. Bonds of reliability surety companies will be

taken and bonds signed by two personal sureties and secured by real estate. A policy of insurance is also acceptable.

Mr. Hayes explained that proof of financial responsibility could be tendered after a judgment had been rendered. In that case conviction or a judgment would not cause the suspension of driving privileges under the financial responsibility provisions.

Mr. Hayes said that compulsory insurance was unfair and burdensome, because it required everybody to buy insurance regardless of whether he is a reckless driver. In the case of the financial responsibility law, however, he said, the driver is not forced to go to the expense of obtaining insurance or other proof unless he actually proves himself to be reckless.

Financial responsibility laws are now in effect in twenty-eight states, the District of Columbia, and Hawaii territory.

## The Antioch Country Fair

The Antioch Country Fair opens today, and it will be three full days of entertainment of the best kind.

The fair was started fourteen years ago as a chicken show or what-have-you in a classroom of the Antioch Township High School. Each year the fair is worth seeing and hearing. The promoters have given special attention to the entertainment features because they realize that the fair crowd, once it has seen and admired the wonderful exhibits of fancy live stock, farm products and boy-and-girl industry, will look around for amusement.

The promoters this year have planned the fair on the theory that all work and no play makes Jack a dull boy, so that Jack and Jill will find the fair-ground one big play-ground. If they weary of seeing the proof that Antioch is the center of the liveliest agricultural district in the state they can just go out and hop the Ferris wheel or listen to the versatile entertainers—professionals that have been brought in to enliven the fair.

Whatever you do—go to the fair. You can't afford to miss the fun.

Another thing that would help the country would be for a lot of people to trade their wrist watches for alarm clocks.

## WILMOT

Ray Rudolph has been ill and under the care of Dr. F. Bennett of Burlington.

Mr. and Mrs. Frank Kruckman were in Evanston for the day Sunday, the guests of Mr. and Mrs. Frederick Holt.

Mr. and Mrs. Paul Voss and Virgene, Avis and Darwin Voss motored to Milwaukee for the state fair Sunday. Returning at 11:30 P. M. in their Chevrolet they collided with a truck on a curve near Wind Lake.

Virgene, riding in the front seat, was thrown against the dash of the car, and both legs and one arm injured. Mrs. Voss had a bad head injury. The truck driver had an arm broken in two places. He was diving with his arm hanging out the window when they collided. The Voss Chevrolet was completely wrecked. All of the injured were cared for at the office of Dr. F. Malone in Watertown.

John Sutcliffe had the misfortune to cut two fingers very badly while slicing meat at the Kriska market with a cleaver. One finger was almost completely severed but was sewed back on by Dr. K. McEwen of Oak Park, who attended the injured man.

## NEW COTTON KNITS

by CHERIE NICHOLAS

Here are two stunning Sea Islander knit sports costumes made of the famous sea island cotton grown on Georgia island plantations reminiscent of the days when Spanish conquistadores took these golden isles. The jacket idea as interpreted in the model shown at top is high fashion. Women are not only wearing the knitted jacket with its companion knitted skirt but they are considered very smart with the cloth tailored skirt.

## Worked to Pay Passage

Steamship companies in the early days had systems whereby passengers in the lowest fare class could help pay for the trip by carrying wood for the boilers. When the boat stopped for fuel, these passengers would carry wood from storage places on the shore to the boiler rooms.

London Subway Is Oldest  
London's metropolitan railway is the world's oldest subway, having been opened in 1863 and electrified in 1905.

## Wilmette Couple Entertain Guests At Anderson Home

Mr. and Mrs. H. A. Smith were host and hostess Saturday night to 34 guests from Wilmette and Evanston at the home of Mr. and Mrs. C. K. Anderson at Channel Lake.

During the evening it was discovered that the date was also the wedding anniversary of Mr. and Mrs. Anderson, which gave extra significance to the occasion and brought forth a fine talk by Mayor Harry C. Kinne, of Wilmette. Another enjoyable feature was the showing of colored motion pictures by Mr. Harry Daley of Evanston. During the last three years Mr. Daley has made tours through Glacial National Park where he made many of the exceptionally fine colored picture reels in his collection. He has promised to bring the pictures here again at an early date for showing before the Antioch Lions Club.

## JACK CHALLAND CELEBRATES BIRTHDAY ANNIVERSARY

Jack Challand, son of Mr. and Mrs. Bryan Challand celebrated his ninth birthday anniversary with a dinner and theatre party, Tuesday evening. Dinner was served at six o'clock, at the home of his parents, after which they all attended the Crystal Theatre.

## MRS. BAETHKE SURPRISED ON BIRTHDAY

A number of friends and relatives gave Mrs. Walter Baethke a surprise birthday party at her home Tuesday evening. Cards were played during the evening and lunch was served.

Mrs. R. C. Dardis of Burlington called on old friends here Tuesday.

N. S. Burnette was taken to the Lake county hospital in Waukegan Friday. He is reported to be improving.

Mr. and Mrs. H. E. Shepard returned to their home in Woodstock Sunday, after a week's vacation in Michigan and Channel Lake.

## Girls Friendly Society May Organize in Lake County

Nineteen officers and associates of the Girls Friendly Society, Diocese of Chicago, had an all day outing and conference, Saturday, August 20, at the home of Mrs. Earl J. Hays, 766 N. Main street.

A talk by Miss Pearl Edwards of Antioch, on 4-H club work, and a tour of some of the lakes, and a visit to Sunset Camp was part of the day's program.

The Girls Friendly Society is a national organization for all girls between ages of 5 to 25. While under the direction of the Episcopal church, its membership is nonsectarian. Its program is fourfold, including Recreation, Social Service, Missions and Worship and Service to Church.

There are some 30 branches in and around Chicago, but so far there are none in Lake county, although the Society hopes to organize there at an early date, and to work in co-operation with 4-H clubs in rural districts.

## Chicago Man Drowns In Fox River

Marshall Jacobsen, 29, a resident of Chicago, was drowned in the Fox River Sunday noon in the rapids of the Wilmette dam.

Mr. Jacobsen was one of a party of three men staying at the Madsen cottage at Shorewood. They spent Sunday morning fishing in Fox River and stopped for a rest in Wilmette, after which they returned to their boat.

The men entered the boat and Jacobsen pushed off with an oar. The motor failed to start and the high water swept the boat over the dam. Jacobsen's companions could swim. One caught the overturned boat and clung to it, the other kept up until Cliff Rasmussen reached the spot with his boat, rescuing them, but Jacobsen, unable to swim, was swept over the dam into the whirlpool below, where he disappeared.

The river was dragged by Kenosha county game wardens, by Red Cross rescue squads from Kenosha and local firemen, assisted by Max Schoor, but the body was not recovered. The hooks on the drags were destroyed by the refuse in the river below the dam. Coast guards resumed the search Monday, but the body was not recovered until about 11 o'clock Tuesday morning, when the coast guard found it 1 1/2 miles below the dam.

Mr. Jacobsen is survived by the wife and one child.

The motor on the boat and \$350 worth of fishing equipment was lost when the boat overturned. The rescue of Jacobsen's two companions was the third such rescue to be credited to Cliff Rasmussen this summer.

## CHRISTIAN SCIENCE CHURCHES

"Mind" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 21.

The Golden Text was, "Behold, God is mighty, and doeth all things: he is mighty in strength and wisdom" (Job 36:5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! For who hath known the mind of the Lord? or who hath been his counsellor? For of him, and through him, and to him, are all things; to whom be glory for ever" (Romans 11:33, 34, 36).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Divine metaphysics, as revealed to spiritual understanding, shows clearly that all is Mind, and that Mind is God, omnipotence, omnipresence, omniscience—that is, all power, all presence, all Science. Hence all is in reality the manifestation of Mind" (p. 275).

Summer is almost over. Vacation will soon be a memory. It is time we were thinking of the more serious tasks of the Fall and Winter. We hope as you plan for school, fall and winter work, and the many other things which claim your attention you will reserve a very definite portion of your time and energy for the church.

We are planning for our Fall Roll Call on Sunday, September 11th.

May we suggest you begin now to plan to be present and help bring our attendance that day as near one hundred per cent as possible. At that service we will receive new members into the church and administer the sacrament of baptism. Those who wish to participate in this part of the service please arrange with the pastor.

Only six weeks till conference. It has been a short year filled very full of hard work and pleasant associations. The end is drawing near. During the next six weeks we will need some real sacrificial contributions or we shall be compelled to close the year in debt. Will you help prevent this?

## Donkey Ball Game At Fox Lake Monday

There will be a donkey ball game at Fox Lake next Tuesday starting at 8:30 p. m. For the edification of those who don't know what a donkey ball game is all about be it said that it's just a soft ball game, except that it's played from the backs of donkeys. The donkeys that will be used are trained; they are the property of one Miller, who is said to be a former American League player.

The Fox Lake game will be played on the High school diamond under the new flood lights, and the spectators are promised lots of fun. The players will be from Lake Villa and Fox Lake. Every player will be mounted except the pitcher and catcher.

The donkey ball game is no stranger to Antioch. It was played here a year or so ago, and the fans agreed that it was worth while.

## It Weighs 9 lbs. and It's Not a Boy—So What!

The telephone jingled in the Antioch News office yesterday morning. A reporter took the receiver off the hook. The editor of the society page, pecking away at her typewriter, perked up her ears hopefully at the one-sided conversation she heard.

"Antioch News... Yes... Oh, is that so? Certainly, we're glad to have the item... Nine pounds... Oh, how nice! No wonder you're tickled over it."

"Ask her if it's a boy?" prompted the society page editor, nudging the reporter helpfully, much after the manner of the unappreciated back-seat driver. But the reporter talked right on.

"Why, yes, it would be nice to display it in the News window... The society editor gasped... 'Oh, You've eaten part of it already... that's too bad... We could have exhibited it.'"

The society editor groaned and all but fainted. "Cannibalism!" she wailed, "horrible, oh how can you carry on that way with such a woman! She ought to be in jail."

"Will you keep quiet!" finally ejaculated the harried reporter. "I was talking to Mrs. Mollie Somerville, and she was telling me about a nine-pound cabbage, grown right in her own garden."

And only then did the society editor relax, though very limply.

## Eight Persons Injured Over the Week-end

Eight persons were injured in traffic accidents in Lake county last week-end. Two motorists were arrested on charges of drunken driving.

Fred Richter, 27, who resides at Long Lake had a drunken driver charge lodged against him after colliding with a car driven by Fred Barrett, also of Long Lake. Barrett and his 14 year old daughter, Mildred, were both cut and bruised in the accident.

William Bigel, of Gurnee, mixed with a couple of trains and narrowly escaped death. He flagged a freight train while sitting in his car very near the track of the Chicago, Milwaukee and St. Paul, about 3 miles west of Libertyville. The engineer, seeing that the car was too close to allow the train to clear it, came to a stop and found that Bigel had suffered minor injuries in a contact with a previous train. Bigel said the train struck him but marks on the car indicated that he had bumped the side of the train with his car and had been thrown back alongside the track.

Walter C. Heiber, of Round Lake, was sideswiped by a hit-and-run motorist to whom he gave chase, but failed to overtake him. Morris Rostker, a pedestrian, of Waukegan, suffered minor injuries when he was run down by a car. Other accident victims were Chicago people driving through Lake county.

## COUNTRY IS HEADED FOR BUSINESS BOOM

Financial Expert Says Logical Reaction Is at Hand and Prosperity Looms

Roger W. Babson, who ranks as a financial dooper in the newspaper world, has come out with the prediction that we are on the verge of a riotous revival of business that will start immediately after Labor day and put everybody right in the middle of a fix.

Babson, in a widely published newspaper article, says that good times and bad times are largely due to mob psychology, that business is governed by emotionalism rather than by statistics, and that too many sensational radio broadcasts are responsible in the main, for the recent business depression and for all such business depressions that have come about within the last ten years. Radio announcers, says Babson, start telling the public that business is due for a slump; they keep this up for a few days or maybe a few weeks, just because there happens to be a little seasonal slackness. Then suddenly the public takes alarm and stampedes. They rush to sell securities, to get rid of commodities, to cancel orders, to lay off workers, and the depression is actually and really on. After awhile, says Babson, the pendulum swings back. The newspapers and the radios start a cheerful revival fine of talk, confidence returns suddenly and the scramble for goods and securities is on.

So, says Babson, the 1937-38 recession is fast passing. "The Babson chart is only 19 percent below normal today as compared with 28 per cent eight weeks ago. The pain is gone. It is about time to stop moaning about it. Start doing business now. Do not delay until conditions are booming, prices sky-high and another reaction just around the corner."

## NORTH SHORE STRIKE NOW IN TENTH DAY

Apprehension Felt over In-operation, but NLRB Offers Hope

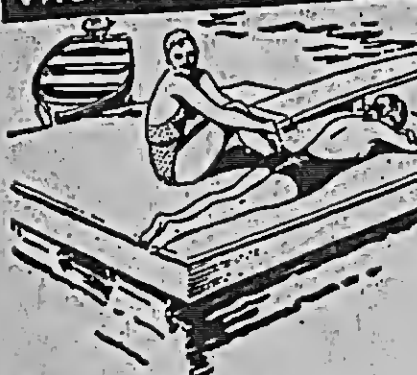

There is as yet no settlement of the strike that has been in force nine days among the employees of the Chicago, North Shore and Milwaukee railway. Since the road is in receivership there is some apprehension that the strike may bring about a liquidation of the company and the service may never be resumed.

The tie-up has materially affected business in Waukegan and other cities where people have depended on the North Shore electric line and the North Shore busses for transportation. The Waukegan city council has been approached by motor bus operators from Chicago on the possibilities of opening bus lines to serve the community and favor for such temporary service is growing in Waukegan.

Yesterday the National Labor Relations board hearing on the matter was adjourned in Chicago by Federal Conciliator Harry E. Scheck, who stated there was a possibility that the parties to the strike would agree to restore service, in which case the dispute over the bargaining agent for the strikers could be settled later. The adjournment of the board was the first optimistic note in the strike and gave rise to some hope of an early adjustment.

The North Shore Electric Company took over the road from the Bluff City Electric in 1898. Until 1916 it was known as the Chicago and Milwaukee Electric, and in 1916 the name was changed to Chicago, North Shore and Milwaukee.

## Zion May Vote Again On High School

Zion faces a probability of having to go through another election on the question of whether or not the city is to have a high school.

Immediately after the election which carried a majority for the school, a petition was circulated among Winthrop Harbor people, the signers of which wished to withdraw from the school district. The trustees allowed the petition, whereupon the city officials of Zion took out revocation papers, disputing the right of the trustees to act.

If the action of the trustees is upheld and Winthrop Harbor is separated from the district the proposition will have to be voted on a second time by the people remaining in the district.

The petition was circulated by Mrs. Jeanette Black, an extensive property owner in the Harbor. The desire to withdraw from the district was motivated by the purpose to escape the small additional tax to be levied in the school district, although Winthrop Harbor boys and girls of high school age must either pay tuition fees to a high school, if withdrawal is accomplished, or forfeit high school opportunities.

## FEDERATION OF WOMEN'S CLUBS NAMES CHAIRMAN

Plan Interesting Program of Work for the Coming Year

The officers and chairmen of the Tenth District Federation of Women's Clubs are planning outlines of work for the coming year, under the council of their president, Mrs. Henry Rhode of Lake Forest.

Mrs. Fred Clarke of 931 Oakwood Avenue, Wilmette, second vice-president of the Tenth District, selected fourteen new chairmen to serve the district during the coming year.

Mrs. Hugh H. McKenzie of Round Lake is American Home chairman; Mrs. Hutchins of Fox Lake, chairman of Club Institutes; Mrs. Paul MacGuffin, Libertyville, chairman of public health; Mrs. Benjamin F. Gridley, head of the department of Education; Mrs. Ethel Kottz will be chairman of Federation Magazines; Mrs. Donald B. Ward, Motion Picture chairman. Chairman of International relations is Mrs. William J. Weldon, 1340 Greenwood avenue, Wilmette. Mrs. Weldon is a board member of the Woman's Bar Association of Illinois.

Mrs. David H. Jackson will serve as chairman of legislation; Mrs. W. J. Borgen, Waukegan, is chairman of literature, and Mrs. Paul LaRose, Zion City, music chairman. Mrs. Byron E. Boswell, Evanston, is chairman of Park Ridge School for Girls, and Mrs. Arthur Cook recording secretary.

The Radio chairmanship goes to Mrs. Alexander M. Kerr, Rogers Park, and Mrs. Reginald Ford, Evanston, will serve as revisions chairman, with Mrs. J. W. Hogan and Mrs. Friberg as her assistants.

The department heads remaining on the board by reappointment are: Mrs. A. P. Haight of Waukegan, American citizenship; Mrs. Walter F. Marggraf, Ingleside, civil service; Mrs. Matthias L. Schmitt, Glenview, conservation; Mrs. John Grant, Glenview, gardens; Mrs. James A. O'Callaghan, 1400 Lake Shore Drive, Indian Wells; Miss Luella Schmitt, 6321 N. Hermitage Avenue, Junior; Mrs. M. H. Baruch, 1452 Elmwood Avenue, Public Welfare; and Mrs. E. J. Warren 1255 Pratt Blvd., Press.

Three district meetings will be held during the club year. The Edgewater Catholic Woman's Club will be hostess at the first one on November 16 in the Edgewater Beach hotel. The second session will be held on January 13 at the Georgian Hotel, Evanston, with the South Evanston Woman's Club as hostess club.

The Annual meeting will be held with the Rogers Park Woman's Club in their clubhouse at Ashland and Estes Avenues on April 6.

The district choral contest will meet on March 15 with the Woman's Club of Evanston.

## 4-H Club Round-up at Antioch Country Fair

The 4-H Club Round-up and Achievement Days will be held in cooperation with the Antioch Country Fair to be held at the Antioch Township High School grounds, Thursday, Friday and Saturday, August 25, 26 and 27.

This is the third year that the 4-H Club has held its Round Up and Achievement Days with the Antioch Fair. The 166 girls and 126 boys enrolled in 4-H Club work in Lake County will exhibit their projects for the three days.

Special entertainment has been provided for afternoon and evening.

## PUPILS REGISTER FOR SCHOOL

Registration days for Antioch Township High School will be Monday and Tuesday, August 29 and 30. Pupils are urged to register on those days. Parents are invited to accompany the students in order to discuss the selection of subjects.

Seniors will register MONDAY, Freshmen and Sophomores, TUESDAY. Freshmen should bring their eighth grade diplomas.

The following subjects will be offered. Subjects listed in capitals are required—others may be selected. Four subjects is the regular load.

Freshmen  
ENGLISH, Mathematics, Algebra, Latin, Foods, Crops, Business, Industrial Arts, General Science, Ancient History, PHYSICAL EDUCATION.  
Girls taking Foods will register for General Science.

A graduate of Antioch Township High School can enter any college in the Middle West without examination if care is used in the selection of subjects, and if recommended by the principal. In general, the following should be selected for college: four years of English, three of Mathematics, two of Language, two of Science, and two of History. If it is likely that the pupil may enter college, the advice of the principal should be sought to learn more of the particulars, as the various college courses

## AMUSEMENTS

Heart-beats vs. Poverty In Drama "Having Wonderful Time"

AT THE CRYSTAL

The problem of how two young people in love can get married when they haven't enough money, is treated in all its dramatic and hilarious ramifications in "Having a Wonderful Time," co-starring Ginger Rogers and Douglas Fairbanks, Jr.

Ginger Rogers is cast as a hard-working stenographer who visits Kamp Kare-Free in an effort to get away from a nagging circle of relatives and a fatuous fiancé. She meets Douglas Fairbanks, Jr., a young law student working as a waiter during the summer.

Their brief but highly concentrated romance is representative of dozens of other love affairs in this resort, where thrill-thirsty working girls and determined divorcees are brought into intimacy with office Casanovas.

After a hectic romance which encounters, but happily hurdles, an amazing series of obstacles, the young couple hit a modern economic snag. The embryonic lawyer has no job, but has ultra modern ideas. The girl is fed up with living at home with her annoying relatives, and wants to marry immediately. How these two lovers with their hearts aflame manage to solve their vital problem is said to strike a new note in suspenseful screen romances.

Alfred Santell directed this Pandro S. Berman production, for RKO Radio, while Peggy Conklin, Lucille Ball, Richard Skelton, Lee Bowman, Eve Arden, Ann Miller, Donald Meek, and a score of other prominent players appear in supporting roles.

## Sydney Moore to Go On Trial Sept. 1

Sydney Moore, of Fox Lake, publisher of a sheet which he optimistically calls "The Lotus News," was cited for trial before Justice Wallenstein last Tuesday on a charge of assault and battery. The case was continued until Sept. 1.

The difficulty in which Moore became involved is rather hazy. It seems that he bought a linotype and printing press over in Zion but omitted some of the usual details of a completed purchase, such as settling with all the owners.

The equipment belonged to a corporation which operated under the name of the Skokie Press and Moore dealt with Paul LaRose, one of the stockholders. Moore moved the equipment to Fox Lake and about that time LaRose's associate stockholders woke up to the fact that it was gone. Armed with the necessary papers and accompanied by an officer they went over to Fox Lake to recover the press and

Lesson for August 28

### ELI: RESPONSIBILITY FOR OTHERS

LESSON TEXT—1 Samuel 3:11-14; 4:12-15.  
GOLDEN TEXT—Train up a child in the way he should go. Proverbs 22:6a.  
PRIMARY TEXT—When God Spoke to a Boy.

JUNIOR TEXT—When God Spoke to a Junior.  
INTERMEDIATE AND SENIOR TOPIC—Should We Do as We Please?

YOUNG PEOPLE AND ADULT TOPIC—The Challenge of Christian Fatherhood.

The responsibilities and privileges of fatherhood need special emphasis, and the lesson of today gives excellent opportunity for such consideration. Too often the rearing of children, which is almost inevitably largely in the hands of the mother, is entirely delegated to her, and the father becomes the man who pays the bills, occasionally carries out a severe act of discipline, but otherwise is almost a stranger to his children.

Girls as well as boys appreciate and respond to the loving and understanding fellowship of a father who really improves the opportunity to build himself into the lives of his children.

Eli is a striking illustration of a man who had attained an honorable position in life and who had discharged his public duties with success, but who failed his own boys, because of weak indulgence. Not a few Christian workers have followed in Eli's path.

### I. A Weak Father and Vile Sons (3:13).

The sons of Eli were wicked men who dared even to use the service of the temple for the gratification of fleshly appetites and lusts. (See 2:12-17, 22.) Eli protested against their most flagrant sin (2:23, 24), but evidently he had lost his influence over them, for they did not hearken.

It is not always true that the wickedness of a son is the result of weakness in the father, nor is it always the case that weak fathers have vile sons. Often the sons live for better lives than their fathers, and frequently a godly and faithful father suffers the heartbreak of having a wayward son. But usually "like father, like son" is true. Boys learn from their fathers—not so much by words of admonition, as by deeds. Let us tell our boys how to live by first living a consistent Christian life, and then lovingly but insistently requiring of them during their days of irresponsibility conformity to the standards of God. We need to build moral fiber into American youth of our country if it is not to fall into the decadence of the civilizations of the past.

### II. Judgment—Personal and National (3:12, 14; 4:17).

Sin brings a horrible harvest of sorrow, suffering and judgment, not only to the individual but to his family, and ultimately to the nation. No man can ever divorce himself from his relationship to his family. His people will suffer for his waywardness, perhaps more than he suffers himself. The nation is made up of homes, and consequently when the family suffers the nation will suffer too.

There is a strange theory current that social and political entities have an existence apart from the people who make them up, that our people can drink and gamble and steal and kill, and yet somehow we will still be the "land of the free and the home of the brave." America is what the families in your community and mine are, and our families are what we are. May God help us to be better fathers, mothers, brothers, and sisters.

### III. Responsibility and Opportunity.

This division of our lesson is drawn from no special portion of the Scripture lesson, but is presented to place squarely before us the fact that we (and we are speaking specifically to fathers) have a plain and inescapable responsibility for our family life, as well as to emphasize the fact that this is not a responsibility of which we should be afraid. It is God's gift of glorious opportunity.

Eli was a personal success as a priest. He had many commendable qualities, not the least of which was his gracious recognition of the ministry of Samuel, who had grown up in his presence and yet who was recognized by Eli as the messenger of God. (Compare Mark 6:4 and 1 Tim. 4:12.) But he missed life's greatest opportunity by losing his own boys. Sad to say, many a father has followed him, yes, even we are sorely tempted to make our business (and it may be the "business" of the Lord) the thing of primary concern, and let our children fit in where they may, or not at all.

Let us look on the brighter side in closing our study and recall the inspiring contribution that has been made to our national life, to our spiritual life and our social advancement by those who have come out of the most humble of homes, with the most meager worldly advantages, but with the rugged characters—physically, morally, and spiritually stalwart—which have been nurtured in a true Christian home. It pays, not only for the person and for the family, but also for the nation, to have Christian fathers.

## FARM TOPICS

### BUG POISON PINK INSTEAD OF WHITE

#### Purpose of Changed Color to Prevent Mistakes.

By James W. Dayton, Extension Vegetable Specialist, Massachusetts State College, WNU Service.

Farmers who purchase new stocks of lead arsenate and calcium arsenate this year, may be surprised to find these materials pink instead of white. It isn't that pink insecticides will kill bugs any quicker but rather that the pink is added so human beings will not mistake these poisons, for flour, lime, or other white powders.

The new color of these products is in accordance with the following announcement by the Agricultural Insecticide and Fungicide Association:

"In the interests of public health and for the protection of users of agricultural arsenical insecticides, this industry has, by voluntary agreement, adopted and will use a pink coloring in all white arsenical products.

"It is the belief of the industry that this action represents a constructive effort by the industry to eliminate as far as possible the hazard of mistaken identity of the products and that in time the pink color will become established as a distinctive warning of the poisonous nature of the material."

Since this change in the customary appearance of the materials may possibly lead to some confusion, it is emphasized that the coloring agent has no effect whatever on the insecticidal value of the arsenicals. The new pink products are to be used according to the same recommendations that have applied to the arsenicals in their white condition.

The pink coloring will be a real advantage in serving as a ready means of identification so that arsenicals will not be mistaken for other white powdery substances as has happened when the materials have been carried over from one season to another and the label has been lost from the container.

### Teach Chicks to Go to Roost and Save Trouble

After chicks reach four weeks of age they can be taught to roost, and the poultryman will have less trouble teaching them than he will if he waits until they are three to five months old, according to experience at North Dakota agricultural college.

All brooder houses at the college poultry farm are equipped with roosts, and it has been found that with little or no bother the chicks early form the roosting habit. The roosts are built of lightweight material in a framework and are hinged midway on one wall of the four-sided brooder house so they may be raised when not in use or for cleaning. Wire of medium mesh is attached to and underneath the roosts to keep chicks away from the droppings.

The rows of roosts, lowered in place when chicks are about four weeks old, incline from the floor back to the wall, thus being easily available and inviting to the chicks.

### Head of Healthy Hen

The head of a bird supplies valuable indications of her activity. A hen in good laying condition will have comb, wattles and ear lobes full and large for her breed. The comb is still, smooth and waxy and bright red in color. With cessation of laying, the comb becomes shrunken, dry and rough. Like colored scales appear over its surface. Because of the rapidity with which a hen's comb changes its appearance with production, it gives a valuable clue to her state at the time of examination. The comb of the pullet, too, foreshadows her coming period of laying by expanding and coloring up.

### Care of Leghorns

Leghorns are fairly dainty and small feeders but are excellent consumers of mash and very large consumers of green food. Mash hoppers in the leghorn pen should be kept filled at all times and after the birds have gotten into good laying condition, grain feeding can be reduced to one feed a day, preferably at night. Owing to their dispositions leghorns may be profitably confined to the houses for the entire year, but it is better if practicable to allow the breeding hens their liberty during the breeding season. That always results in stronger chicks and better hatches.

### Brooder Temperatures

The temperature under the edge of the hover two inches from the litter should be from 95 to 100 degrees Fahrenheit the first week, 90 to 95 degrees the second week, and gradually lowered until no heat is needed. The amount of heat and the length of time it is needed depends on the season and the day. The heater, however, should be left in the brooder house a while after the heat is discontinued for possible use in unfavorable weather.

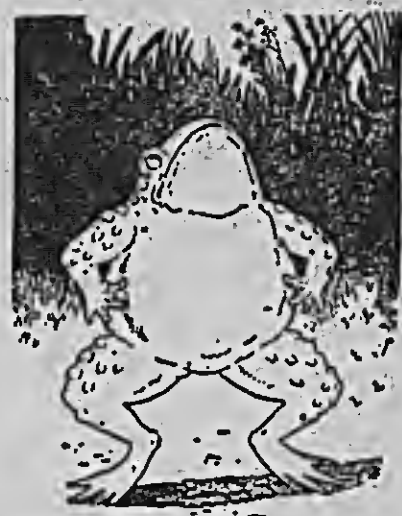

## LITTLE STORIES FOR BEDTIME

by Thornton W. Burgess

### OLD MR. TOAD RECEIVES ANOTHER INVITATION

OLD MR. TOAD was so puffed up with pride that he had become quite unbearable to his old friends and neighbors and all because he had dined with Buster Bear. He thought it an honor, a very great honor, to have been invited to dine with one for whom every one had such a very great respect as they had for Buster Bear and because he felt that it was such a very great honor, he puffed himself out with pride and felt himself so far above his old friends and neighbors

Old Mr. Toad Was So Puffed Up With Pride That He Had Become Quite Unbearable.

that he would have nothing to do with any of them excepting Bobby Coon, who, you know, is a little cousin of Buster Bear.

At first everyone had laughed at Old Mr. Toad, but after a little they grew tired of being treated so and some of them put their heads together to think of some plan to teach Old Mr. Toad a lesson, and what a very foolish thing false pride is. The very next day Jimmy Skunk went into the Green Forest to look for Buster Bear. You know, Jimmy isn't afraid of Buster. He didn't have to look long and when he had found him the very first thing he did was to ask Buster if he had seen any fat beetles that morning. You know Jimmy is very fond of fat beetles, and the first thing he asks anyone he may happen to meet is if they have seen any.

Buster Bear grinned and said he thought he knew where there might

be a few and he would be pleased to have Jimmy go with him to see. Sure enough, under an old log he found five fat beetles, and these Jimmy gobbled up without asking Buster if he would have one. Jimmy is usually very polite, but this time he quite forgot politeness. I am afraid he is rather apt to when fat beetles are concerned. But Buster didn't seem to mind. When the last beetle had disappeared Jimmy smacked his lips and then he told Buster Bear what he had come for. Of course, at first Buster had thought it was for the fat beetles. But it wasn't. No, sir, it wasn't for the fat beetles at all. It was to get Buster Bear's help in a plan to teach Old Mr. Toad a lesson.

First Jimmy told Buster all about how puffed up Old Mr. Toad was because he had dined with Buster and how ever since then he had refused to even speak to his old friends and neighbors. It tickled Buster Bear so to think that little homely old Mr. Toad could be proud of anything that he laughed and laughed, and his laugh was deep and grumbly-rumbly. Then Jimmy told him the plan to teach Old Mr. Toad a lesson, and asked Buster if he would help. Buster's eyes twinkled as he promised to do what Jimmy wanted him to do.

Then Jimmy went straight to where Old Mr. Toad was sitting all puffed up taking a sun bath.

"Buster Bear has just sent word by me to ask you if you will honor him by dining with him tomorrow at the cotton chestnut stump near the edge of the Green Forest," said Jimmy in his politest manner.

Now, if Old Mr. Toad was puffed up before, just think how he swelled out when he heard that. Jimmy Skunk was actually afraid that he would burst.

"You may tell my friend Buster Bear that I shall be very happy to honor him by dining with him," replied Old Mr. Toad with a very grand air. Jimmy went off to deliver his reply, and Old Mr. Toad sat and puffed himself out until he could hardly breathe. "Honor him by dining with him," said he over and over to himself. "I never was so flattered in my life."

And that night he refused to speak to Bobby Coon, even though Bobby was cousin to Buster Bear.

family. Being of a very cheerful disposition, he made many friends, who will miss his cheery ways. Besides his widow, he leaves one son, Earl, three grandchildren, all of Waukegan, and one sister, Mrs. Annie Wedster of Rockford, Ill. The funeral was held Saturday at the Conrad and Marsh funeral home in Waukegan, with burial in the family lot in Angola cemetery where the Masonic order of Millburn, of which he had been a member for 38 years, conducted final rites. Rev. Allen preached at the services in Waukegan.

Mrs. Raymond Sherwood is confined to her home by illness.

Miss Bess Lawler of Cortland, Ill., who formerly taught the Cedar Lake School, and Miss Killey of Round Lake called on friends here Sunday afternoon. Miss Lawler taught near Hammond, Indiana, last year and returns for another year of teaching.

The Zenith Radio Corporation of Chicago held its annual picnic at the Sherwood park last Saturday and a special train brought out the 5000 or more employees and their families for the day's outing which was spoiled somewhat by the storm which came up during the afternoon. However, they had had a good time earlier with swimming, boating, dancing and other sports provided at the camp.

Miss Genevieve Daube has received much publicity recently because of the beauty contests in which she won first place at Antioch and Lake Geneva, and we hope for further success for her.

Mrs. Harry Brownlee entertained several little folks at a party at her home Tuesday afternoon to celebrate Claudette's fifth birthday. Claudette

received many pretty gifts and they all enjoyed the birthday cake.

Mrs. LeVan and granddaughter of Chicago spent the end of the week with her friend, Mrs. McGlashan.

The Fahr family of Maywood and two McGlashan cousins from Cleveland, Ohio, were guests of Mr. and Mrs. McGlashan on Sunday.

Miss Betty Reinebach returned Friday from Chicago, where she had visited friends and relatives.

Bruce Hamlin enjoyed a trip with his father into Central Illinois last week and later visited friends at Beverly Hills.

Mrs. Lester Hamlin and sons accompanied her mother and sister last Wednesday on a trip to Lowell, Ind., where they visited relatives.

The R. N. A. Officers' Club party held with Mrs. Clara Peterson at Grass Lake last week was attended by more than fifty people and a good time spent in spite of the hot day.

Miss Evelyn Fish was pleasantly surprised at her home last Saturday evening when a group of friends came in to help celebrate her nineteenth birthday.

Mr. and Mrs. Frank Wood held open house last Saturday evening and friends from the village as well as friends and relatives from Evanston came in to help them celebrate their silver wedding anniversary. Buffet lunch was served and the couple received many nice gifts in honor of the occasion.

Mr. and Mrs. John Sonnenberg and sons visited relatives in Aurora last Sunday.

## THIEF APOLOGIZES, GIVES UP PISTOL AND FOLLOWS GIRL

**Bookkeeper Keeps Her Nerve  
in Encounter With Armed  
Holdup Man.**

Boston.—By keeping her nerve in an encounter with a holdup man carrying a revolver, Miss Corinne bookkeeper for the College Hand laundry, not only talked the invader out of robbing the place but induced him to apologize and surrender his weapon.

The girl had just distributed a \$400 pay roll to the laundry employees and was alone in the office, sitting with her back to the door, when the would-be robber entered. In front of her was an envelope containing \$50 of the company's money and a handbag containing \$29 of her own.

The intruder pressed a revolver against her back, saying: "This is a stick up. Hand over the money."

Miss Gagnon stood up, turned, and faced the gun.

"What's the matter with you—crazy?" she said. "There's no money here. You can't get away with this. If I yell this place will be full of people in a couple of seconds."

Outlaw Astonished by Maneuver.

The bandit was so surprised he was unable to speak for a minute. Then he commanded:

"Open that safe."

With a bold air, the girl strode to the safe, flung open the door and, talking loudly in the hope those in the laundry would hear her, said:

"There you are, mister. You can see for yourself there's not a cent there. What do you want to go around holding up people for, anyway? Say, if you're so hard up, I'll give you a couple of dollars of my own."

This virtually dazed the robber, who stood holding the gun and looking as if he didn't know whether to leave or stay. This only increased Miss Gagnon's courage and she continued:

"What you need's a job. I'll get the boss. Come on. I won't say a word about this."

Obediently he followed her from the office into the laundry and right up to the owner, Abraham Morad.

"Mr. Morad, this man tried to hold me up," said Miss Gagnon.

Owner's Turn to Be Astonished.

It was Morad's turn to be astonished. As he looked at the man and saw the gun, which the bandit was now trying to hide under his coat, the gunman said:

"She's right, but I didn't rob her. She didn't have anything. I couldn't go through with it. She could see I need a job."

"Don't you know the consequences, don't you know you could go to prison?" asked the girl.

"Sure," said the robber. "Here, take this gun before I get into trouble. I'm sorry I tried it. I haven't eaten for two days."

"Why don't you get on the WPA?" asked Morad.

"O, there's too much red tape, and besides I'm a Republican."

But the prolonged conversation was annoying him. He was beginning to get fearful. The laundry workers were edging close and listening. With sudden determination he dashed for the door and escaped.

## Resolute Woman Is Fined Out of Two Automobiles

Mount Clemens, Mich.—Two one-woman sit-down strikes took place the other day near here. In both cases the altar was Mrs. Joseph Hodiak.

Her first one-woman strike was in the automobile of her husband, a Detroit factory worker, which Constable Alfred D. Vincent of St. Clair Shores attempted to seize for non-payment of a judgment for \$108.05.

For hours the constable, with several assistants, attempted to eject her from the locked automobile, parked at her home.

When all other efforts failed the constable called a wrecking car, which towed the automobile and its passenger to a garage. There one door was pried open and, as the constable described it later, Mrs. Hodiak was pried off the steering wheel.

The slogs ended, Mrs. Hodiak was taken in a police car to her home. When she refused to leave the police car, George Collins, chief of police of Warren township, took her to Mount Clemens, where she was registered on a charge of disturbing the peace. The next day, however, Justice of the Peace Edgar I. Moses, who granted the judgment last October and the subsequent writ of execution, ordered her released without charge.

**Police Pound Robbed**

Dallas.—City police investigated themselves when it was discovered that a car stored at the city pound had been stripped.

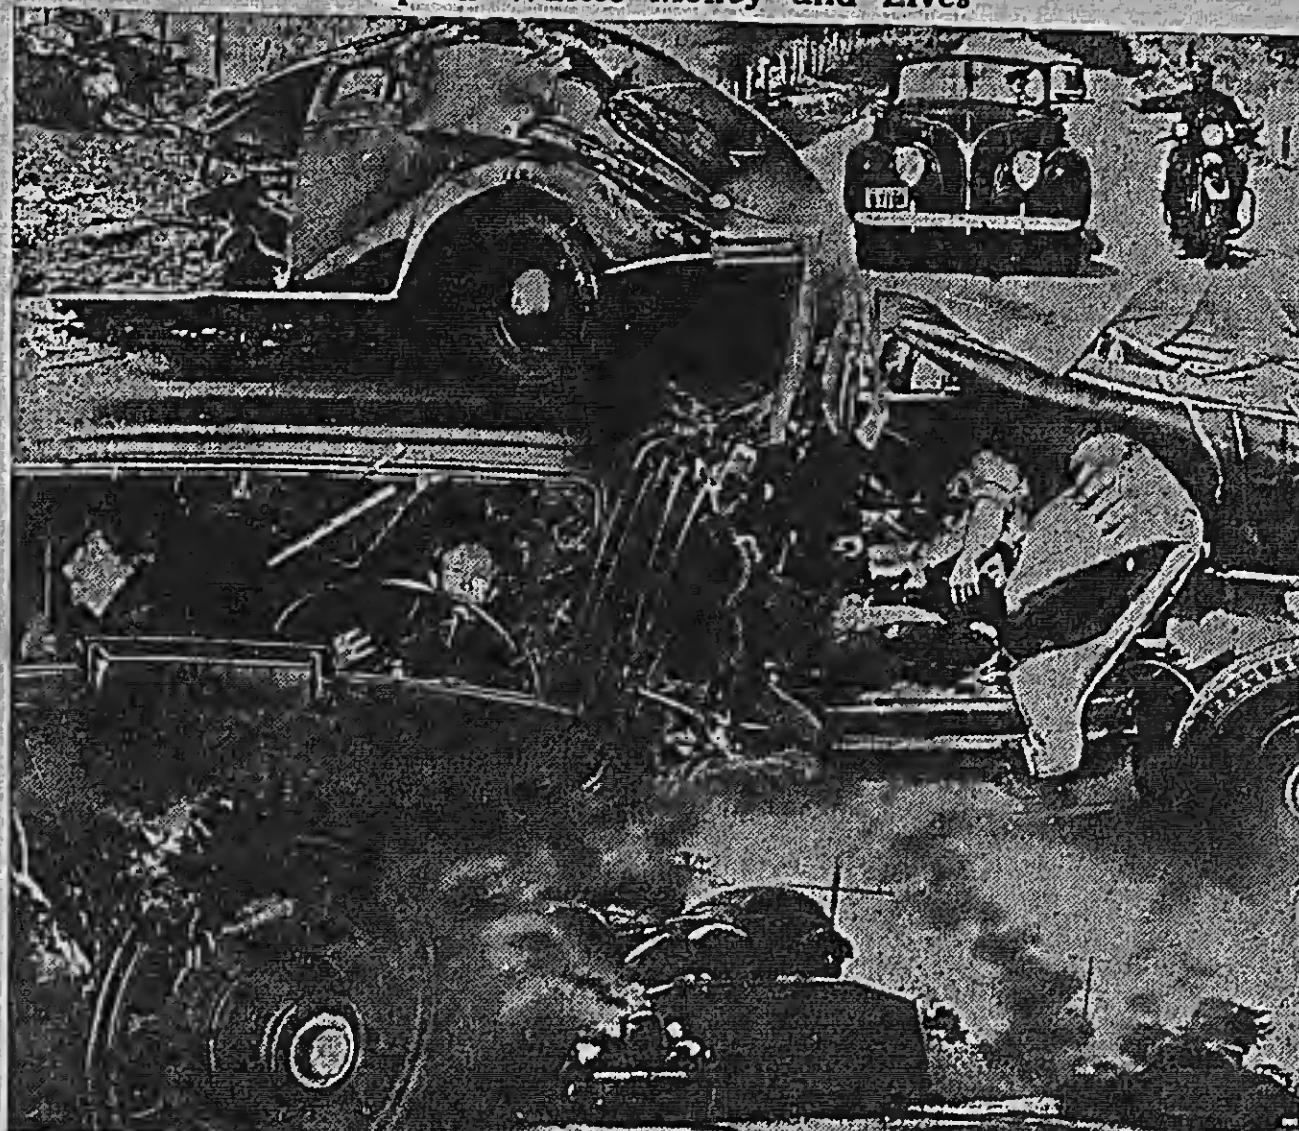

**Give Lives for Pets**

Washington, N. J.—Simeon Smith and his wife Anna had refused to go to the county home because they would have to give up their dogs and cats. One of the pets over-turned an oil lamp and started a fire in which the elderly couple burned to death.

**Gets \$2,000 for Ear Bite**

Boston.—One ear partly bitten off equaled \$2,000 when Joseph Ryan was awarded that sum in a damage suit against his landlord.

## Speed Wastes Money and Lives

Pictured above are some of the thousands of deaths which are a part of the annual price the American motorist pays for speed. Another item is accident costs which total \$1,700,000,000 yearly.

**AUTOMOTIVE** engineers' figures show that speed wastes fuel and materials; police impose fines; and now a group of large insurance companies is offering a safe-driver reward of 15 per cent of the liability premium for an accident-free year—all in the interests of safe driving.

Responsible for one-third of the nation's fatal accidents—speed played a leading role in all of the six situations above.

**TOP LEFT:** This car couldn't hold the curve at 65 and was cut

in two by the impact with the tree. Six passengers met instant death.

**TOP RIGHT:** Frequently omitted from the driving budget, a speeding fine adds \$25 to the debit side of the ledger of motoring costs.

**MIDDLE LEFT:** Hours of agony and weeks in the hospital were the aftermath of this collision with a telegraph pole. **MIDDLE RIGHT:** Forty thousand people meet similar deaths on the country's highways each year. **LOWER LEFT:** Under normal conditions a tire has a life expectancy of 20,000 miles; this tire

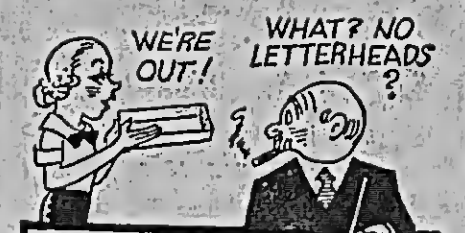

lasted two on Sir Malcolm Campbell's racer, "Bluebird." Another item to be added to the high cost of speed. **LOWER RIGHT:** The driver of the coupe on the right was in a hurry and was passing the car ahead when he met the automobile on the left. The truck driver managed to escape the flames, the man at the coupe wheel was not so fortunate.

Safe driving is easy on your nerves, enables a substantial saving in fuel, repair and insurance costs, not to say a longer life and a happier one.

## No-Latitude, No-Longitude Point

The no-latitude, no-longitude point on the earth is the point where the prime meridian of Greenwich crosses the equator. This is in Gulf of Guinea off the western coast of Africa and many miles from land. The British Gold Coast colony is the closest land, and its capital, Accra, is in 5 degrees, 31 minutes north and 0 degrees, 12 minutes west, is the nearest town.

## Learning to Play Organ

People of ordinary ability may study the organ for years before they learn to play even moderately difficult passages. They must learn to do many things at the same time. Their two hands must play on four different keyboards, and manage "stops"; their feet beat out bass parts on a fifth, or pedal; keyboard, and strike other controls as well.

## Testing the Violin

Typical experiments on the violin body include testing the tone and loudness of the instrument with a paper clip on the bridge, with the "f" holes of the air chamber closed, or with carbon dioxide replacing the air inside.

## Victoria Regina, the Biggest Leaf!

**RICHARD SCHOMBURGH**, an early South American explorer, discovered this giant lily leaf in the jungles of South America and named it after his sponsor, the English queen. It lies on the still water of tropical lakes and backwaters, provides sun-parlors for large frogs and little alligators. It can't support a child, as the old geography books depicted, but two people, if they like, can give a shadow show on each glistening pad.

### Fox Lake Man Killed Thursday

Harold Jacobs, known in Fox Lake as Jack La Rue, was killed last Thursday night by a train when walking on the St. Paul right-of-way opposite the Du Bell landing.

Jacobs was in the habit of fishing at night and usually walked along the tracks to the lake, but on this night he carried no pole and there was a

suggestion that he might have suicided. He has been employed as a cook in Fox Lake for several weeks.

Kenosha County Fair, drew 8,000. The Kenosha County Fair, which closed Saturday was one of the most successful held in that county in recent years. The attendance was roughly estimated at about 8,000. It is the first year the fair has had a three-day run; in former years it has run only two days.

### LAKE CHORUS AT ANTIOCH FAIR

The Lake County Chorus which took part in the Chicago and Music Festival last Saturday evening will give a half-hour program at the Antioch County Fair on August 27 at 8 p. m. Mrs. J. L. Magnuson is director and Miss June VanZandt accompanist. Music from the cantata, "Harvest Caravans," written by Russell Hancock Miles of the University of Illinois will be presented. The following program will be given:

Solo—Sylvia Oley Speaks  
Mrs. J. L. Magnuson  
Welcome to Spring Miles  
Chorus  
The Caravans Are Coming Miles  
Chorus  
Song of the Fairies Miles  
Women's Voices  
The Kiss of the Winds Miles  
Chorus  
Autumn Glides Along Miles  
Chorus  
In Winter Miles  
Chorus  
Hail! God of the Harvest Miles  
Chorus

The following people are members of the chorus: Mrs. J. H. Gould, Mrs. Frank Cremin, Mrs. J. L. Hook, Mrs. Bert Doolittle, Mrs. Ralph Gebhardt, Mrs. J. L. Magnuson, Mrs. A. G. Storm, Mrs. C. J. Bohn, Mrs. Harry Wagner, Mrs. Earl Kane, Mrs. Leste Gow, Miss Sarah Kane, Miss Phyllis Storm, Mrs. J. J. Cerniak, Mrs. Lorin Volk, Miss Harriet Edwards, Miss Edna Harner, Miss Margaret Edwards, Miss June VanZandt, Miss Shirley Mills, Mr. Lorin Volk, Mr. Ralph Gebhardt, Mr. Chesney Brooks, Mr. Jack Magnuson, Mr. George Brainerd.

### King Kong Is Back at Grayslake Arena

A double main event will feature one of the final mat cards of the summer season at Peg's Grayslake Arena Friday night when King Kong, the bearded Abyssinian terror, returns to county mat wars to tackle Friedrich von Schacht, giant German champion, in a return match, and Fred "Legs" Grubmiller, Iowa scissor king, matches grips with rowdy Rudy Kay, Chicago gas-house tough-guy.

King Kong and von Schacht are both gunning for a world title match in Chicago this fall and both have been trying to put Jim McMillen out of the running to get this chance at the champion. King Kong succeeded in holding the Antioch ace to an hour draw three weeks ago, and von Schacht lost to McMillen last Friday night.

King Kong and von Schacht met at Grayslake two weeks ago and the giant German kicked the King out of the ring. King Kong claimed a foul but it was von Schacht who was matched with McMillen.

Rough Rudy Kay and Fred Grubmiller will meet Friday night.

The semi-windup pits fithe and handsome Bobby Bruns, blond heavy sensation in a thirty minute time limit bout against Jerry Meeker, Hawaiian star.

The preliminary introduces the highly touted Brooklyn, N. Y. star, George Becker, who will get his local test against Jack Conley, the Boston Slugger.

### Ohio Long in Third Place

Ohio maintained her position as the third state in population from 1850 to 1890, when by the census of that year she lost her third-place position to Illinois.

### Lake County Wins 4-H Fair-Prizes

Lake County 4-H clubs can justly be proud of their many winners at State Fair this year. Marion Gillespie of Diamond Lake received a blue ribbon on her outfit, as did Shirley Mills of Libertyville on her party dress.

Red ribbons were awarded Marlon Stahl of Prairie View and Evelyn Blume of Gurnee on her skirts and blouses, and Nancy Mills on her school dress. Lois Wilson, Marie Standliff and Edith Rapp of the Townline 4-H club south of Libertyville all received red ribbons on their cookie exhibits and Irene Pederson received a white ribbon.

Margaret Edwards of Waukegan received a white ribbon on her street dress and Marjorie Kane of Diamond Lake received three white ribbons on her clothing accessories and posters.

The complete exhibit of 4-H work done in the county this year will be shown at the Antioch County Fair August 25, 26 and 27. On Saturday evening, August 27, at 9 p. m. the girls will model the dresses in a style show. This promises to be well worth seeing.

### Lake Co. Tuberculosis Report.

Miss Orpha L. White, executive secretary of the Lake County Tuberculosis association makes the following report for the first six months of 1938: Twenty-nine chest clinics were held in the St. Therese hospital; 697 examinations were made, 232 of which were for new patients. 149 X-rays were taken and 122 tuberculin tests were

given. 836 visits were made in the interest of the association and into the homes of patients giving instructions as to care and prevention of tuberculosis. Assistance was given in the immunization program in the public schools of Waukegan, and with the summer round-up in the Lone Oak school.

The Lake County Tuberculosis association is now holding chest clinics on Wednesday and Friday mornings from 8:30 to 11 a. m. at St. Therese hospital with Dr. Charles K. Petter as clinician. New patients desiring examinations are requested to tele-

phone the office, Majestic 1805 for appointment.

This work is supported by funds secured yearly through the sale of Christmas Seals in Lake county.
